

GARDEN FUND'S COMPLETED PROJECTS IN PINECREST GARDENS

With monies raised through donors, family foundations, and the annual soiree, the Garden Fund has initiated and financed several botanical enhancement projects in Pinecrest Gardens. By working with the Garden's horticulturist in assessing the areas of greatest need, the targeted improvements that have thus far been made have had a significant and positive impact on some of the Garden's most frequented sites.

To date, the Garden Fund has financed the following:

| | | |
|----------|----------|---|
| 5/07 | \$8,000 | Restoration of the "Garden in the Trees", a canopy of orchids, bromeliads, and ferns nestled in the tall oaks. |
| 5/08 | \$7,000 | Colonnade Area renovation - Overgrown and infested with weeds; cleared and replanted with a variety of tropical foliage. |
| 12/08 | \$1,500 | Purchase and installation of two golden Royal Poinciana trees. |
| 12/09 | \$18,950 | Installation of the "Hidden Garden", a pathway, plantings, and a seating area with benches in the previously overgrown and inaccessible hardwood hammock section. |
| 9/10 | \$18,260 | Restoration of the Terrace Garden, including cleanup and replanting of 5,000 sq. ft. adjacent to one of the most highly visible areas of the Garden. |
| 5/11... | \$14,000 | Planting of the "Rainforest Grotto" adjacent to the former alligator pits in the lower garden. |
| 9/11... | \$3,600 | Extensive clean-up of the Hidden Garden, the Terrace Garden, and the Colonnade Area. |

In their efforts to assist the Village of Pinecrest in their ongoing maintenance of Pinecrest Gardens, the Fund's Board of Directors is continuously seeking sites that call for attention and enrichment. The Garden is a living entity that is forever changing and growing, and we are steadfast in our dedication to the belief that it contains the potential to be one of the most important botanical treasures in South Florida.
